

Can you make a map?

ESRI SCHOLARSHIP 2016

Award*: \$2000.00 plus software and training

Deadline: Monday, February 8, 2016

Applicants: Must be current UBC students

Each ESRI Scholarship applicant should provide no more than three or four pages, two pages of text and one or two pages of graphics (maps, tables, figures, models, diagrams), outlining why they should receive the award. The text pages should describe the applicants' background in one paragraph and then detail their use of GIS, including when it was done and for whom. The graphics page(s) should include an exported image of the graphics that they have produced that illustrates the outcome of their analysis. Applications will be reviewed according to the clarity of the presentation, the level of GIS innovation, and the quality of the graphic presentation.

*** Award kindly provided by ESRI Canada and includes:**

- A one-time payment of \$2000.00
- A perpetual licence of Esri's ArcGIS software, for education and research use, and one year of complimentary maintenance. This licence includes:
 - ArcGIS for Desktop Advanced;
 - ArcGIS for Desktop Extensions: ArcGIS Spatial Analyst, ArcGIS 3D Analyst, ArcGIS Geostatistical Analyst, ArcGIS Network Analyst, and ArcGIS Publisher;
 - One-year subscription to the ESRI Developer Network (EDN) and a one-year ArcGIS Online Organization Plan.
- Copies of "Python Scripting for ArcGIS", "Getting to Know ArcGIS ModelBuilder", and "The ESRI Guide to GIS Analysis Volume 3";
- A Virtual Campus Premium Annual User License for 20+ Esri developed courses;
- A complimentary registration for one of ESRI Canada's regional user conferences;
- Two Esri Canada instructor-led training courses.
- ESRI also asks that the recipient provide a resume, have B+ overall GPA, make a poster, and do a short presentation at Vancouver's Regional User Conference.
